Marc:

I've sent your message to three people in Richmond and I have my secretary making sure they get it and respond asap. I have already requested these numbers - so they should be readily available. However, as I recall, there may be some holes in the data (no data for some of the years).

Cathy:

Could you please have someone send me the t&n ratings for Marlboro and Winston over 1970-1980?

Thanks alot.
